Hi Marion,

I know you are extremely busy, especially coming off of the aldicarb action that had us all swamped the last few weeks.

So this is just a reminder to see if you have had the opportunity to review and if you had any comments that I need to address before sending the FR forward to HED and then OGC for review. Mike did not have any comments on the FR memo.

Thank you!
Debra

Hi Marion and Mike,

Attached is the streamlined FR for Spinetoram and the draft HED assessment. As I mentioned this morning, I followed the example presented by Nancy earlier this summer. I as the similar/reference FR I cited the one completed last year for the imported tea.

Also attached for your convenience is the Registrant NOF and Section F of the petition.

Please let me know if you have any questions or need/want any additional documentation.
Thanks,
Debra
